

# Caravan & Boat Tanks

**PLASPOKE**  
Bespoke Plastic Fabrications & Designs

Plaspoke Plastics are experts in the design & fabrication of bespoke Leisure Vehicle & Boat tanks.

Plaspoke offers exceptionally designed, fully baffled water and waste water tanks for caravans, boats, food trailers and horse floats.

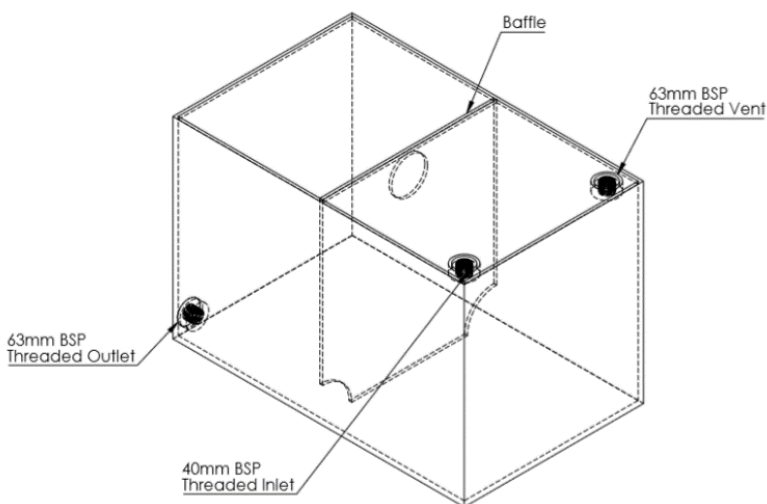

Manufactured from premium virgin grade plastic, they are suitable for all grades of water storage. This offers advantages over traditional steel tanks, as our plastic tanks don't corrode, taint the taste of its contents and are extremely durable.

Custom fabricated to your specifications, there is no need to worry about not having your size tank in stock. You can ensure that we take full advantage of the space available, while you get the peace of mind of our **3-year** workmanship guarantee.

## **What sets us apart:**

- Fabricated in **10 working days** or less (Generally)
- Significantly cheaper than other custom fabricators in the market
- Will **never** rust or corrode
- Fully baffled and customisable
- Quick, free, no-obligation quotes
- All tanks are tested for a minimum of **8 hrs** continuously
- Production certificate with every tank.
- **3 Year** workmanship guarantee.
